

Product Notice No. 0166

End-of-Life for SmartWORKS™ Hardware

Notice Audience:

This Product Notice is **external**.

Notice Subject:

End-of-Life announcement for SmartWORKS hardware manufactured prior to January 1, 2006.

Notice Date:

November 16, 2012.

Notice Effective Date:

January 1, 2013.

Affected Product:

SmartWORKS hardware manufactured prior to January 1, 2006

Notice Details:

SmartWORKS hardware manufactured **prior to January 01, 2006** is now considered End-of-Life status. To continue using hardware manufactured prior to 2006, SmartWORKS Version 5.7 or earlier must be used.

To Determine the Date of Manufacture:

1. Start the SmartCONTROL utility. From Windows **Start** menu, point to **Control Panel**, and then choose **SmartCONTROL applet**.
2. Select the **BOARD** tab.
3. Refer to the 'Date Code' field, which is displayed in "YYWW" format, where **YY** is the year and **WW** the week in which the hardware was manufactured.

Note: Any Date Code prior to "0601" will not initialize properly using SmartWORKS Version 5.8 or later.
