

Product Notice #0207

New Part Numbers for Mediant 1000B Modules

Notice Subject

AudioCodes™ announces new Catalogue Part Numbers (CPN) for its Mediant 1000B modules.

Notice Date

June 2014

Notice Effective Date

June 2014

Notice Details

AudioCodes has introduced **separate module CPNs** for the Mediant 1000 and Mediant 1000B chassis platforms (i.e., CPU/analog/digital/MPM modules). This separation is to ensure future hardware compatibility between the ordered module and the chassis platform type. The new CPNs are available for order.

Up until now, the same module CPNs were used for both Mediant 1000 and Mediant 1000B platforms. From Price Book Ver. 4.8, the module's CPNs are split by platform -- the existing CPNs are applicable only to the Mediant 1000 chassis, while the new CPNs are applicable only to the Mediant 1000B chassis:

Existing CPN (Mediant 1000)	New CPN (Mediant 1000B Only)
M1K-CRMX-C	M1KB-CRMX-C
M1K-VM-1SPAN	M1KB-VM-1SPAN
M1K-VM-2SPAN	M1KB-VM-2SPAN
M1K-VM-4SPAN	M1KB-VM-4SPAN
M1K-VM-4FXS	M1KB-VM-4FXS
M1K-VM-4FXO	M1KB-VM-4FXO
M1K-VM-4FXO-LS/GS	M1KB-VM-4FXO-LS/GS

Existing CPN (Mediant 1000)	New CPN (Mediant 1000B Only)
M1K-VM-MPM	M1KB-VM-MPM
M1K-VM-4BRI	M1KB-VM-4BRI

Customers with the Mediant 1000 chassis should continue to use the existing M1K-VM-xx CPNs. Customers with the Mediant 1000B chassis should start using the new M1KB-VM-xx CPNs. As of October 2014, AudioCodes will no longer accept orders for the M1K-VM-xx CPNs for Mediant 1000B.

Note: Customers who have stocks of M1K-VM-xx modules or who have ordered M1K-VM-xx modules prior to October 2014, can still use these modules with the Mediant 1000B chassis and in a mixed environment (i.e., M1K-VM-xxx and M1KB-VM-xxx in the same chassis).
