

# Product Notice #0227

## AudioCodes Survivable Branch Appliance (SBA) Shipped with SBA for Lync 2013

### Notice Subject

Responding to market demands for Microsoft® Lync™ 2013, AudioCodes SBA devices are now shipped pre-installed with SBA for Lync 2013.

### Notice Date

December 2014

### Notice Effective Date

December 2014

### Affected Product Family

- Mediant 1000B SBA
- Mediant 800 SBA

### Notice Details

AudioCodes now ships its SBA product line pre-installed with SBA for Lync 2013. Up until now, AudioCodes SBA products were shipped with SBA for Lync 2010 (and with a dongle which allowed the user to upgrade to SBA for Lync 2013).

For customers requiring SBA for Lync 2010, the device is shipped with a USB dongle that contains the SBA for Lync 2010 installation files. This dongle can be used to change the SBA version from Lync 2013 to Lync 2010. For more information, refer to the *SBA for Microsoft Lync Server 2010 and 2013 Installation and Maintenance Manual*, which can be downloaded from AudioCodes Web site at <http://www.audiocodes.com/solutions/microsoft/lync-branch-survivability>.

## Affected Part Numbers

The tables below list the hardware revision number per CPN of the AudioCodes SBAs that will be shipped pre-installed with SBA for Lync 2013.

### Mediant 800B SBA:

CPN	H/W Revision
M800B-ESBC-SBA	GGWM00238 P02
