

Product Notice #0244

AudioCodes Updates its List of Supported Mediant 500 and Mediant 800 CPNs in Price Book Ver. 4.9

Notice Subject

In order to simplify and shorten ordering process and lead times, the number of Mediant 500 and Mediant 800B hardware configurations will be reduced (based on yearly sales volume) in AudioCodes upcoming Price Book Version 4.9.

Notice Date

June 2015

Notice Effective Date

July 2015

Affected Part Numbers

Mediant 500 and Mediant 800B series (per the table below).

Notice Details

AudioCodes Price Book Version 4.9, which will be released in July 2015, will be updated to exclude low-selling volume hardware configurations of Mediant 500 and Mediant 800B. As a result, the Price Book will contain fewer CPNs, simplifying the ordering process for customers and reducing lead time.

As always, AudioCodes policy is to be flexible and attentive to customer demands and thus, will endeavor to accommodate specific customers' configurations in cases of sizeable orders.
