Notice Subject

AudioCodes' Element Management System (EMS), part of AudioCodes' One Voice™ product portfolio will soon support the MP-124 Rev. E Analog Media Gateway.

Notice Date

October 26, 2016

Notice Effective Date

End of Q4-2016

Affected Product Family

- EMS
- MP-124 Rev. E

Notice Details

This Product Notice announces the planned support of EMS for the MP-124 Rev. E model. For the MP-124 series, the EMS currently supports only the MP-124 Rev. D model.

EMS support for MP-124 Rev. E is scheduled as stated above (see *Notice Effective Date*). When this support is delivered, customers will be required to upgrade their EMS version (to 7.2.3000) as well as the firmware version (released on *Notice Effective Date*) of their MP-124 Rev. E device.
