

Product Notice #0319

Release of SmartTAP™ Software Version 4.0 for General Availability (GA)

AudioCodes is pleased to announce the GA release of Software Version 4.0 for its SmartTAP Call Recording solution.

Main Features

Some of the main features include:

- Enhanced search results page
- New HTML5 player
- Microsoft Skype for Business – Group Chat recording
- Licenses usage and threshold
- SCOM integration through WEL
- Access location-based date format presentation in GUI

For a complete list of the Version 4.0 features, refer to the [SmartTAP Release Notes Ver. 4.0](#) document (registered AudioCodes Website users only).

Related software and documentation can be downloaded from AudioCodes' Website at <http://www.audiocodes.com/downloads>.

Software updates are available for download free of charge to customers who have purchased AudioCodes support packages that include software updates (i.e., ACTS, CHAMPS, and Enhanced Support) for the relevant products.
